User Study Tasks

Spotify

Scenario

Spotify app is a music streaming application that allows users to play music.

Starting point

Open the app and login however you like, e.g., "Continue with Google" to use your google account.

Task

On the home page, find the text with "Your top mixes" first, navigate to the 5th list of suggestions, and play one of the songs in the 5th list. Then, pause the music. Now, we want to add the played music to Liked Songs. To do this, locate and click the "add item" button. Explain how to confirm the music has been successfully added. Next, please locate the "Change" button and remove the music from your Liked Songs.

Fuelio

Scenario

Fuelio app is for car management, gas prices, consumption, expenses, etc.

Task

Open the app and proceed to the main interface. Locate and select the "Costs" button. To add a new cost entry, click the Plus button and fill in the details for Category, Title, and Total Cost. Specify it as a monthly cost by choosing the appropriate option in "Recurrence." Then, select the "Reminder Only" checkbox. After that, attempt to change the recurrence setting back to a one-time cost. Please confirm whether you can find and adjust this setting.

Next, use the bottom navigation bar to switch to the "Timeline" tab. Please confirm whether the transition to the tab is visibly successful. Within the Timeline tab, attempt to access the gas entry page by clicking the plus button. Inform us of the results of this action.

Finally, navigate to the "Calculator" tab and click on the "Calculate" button. Please inform us if an error message appears. Next, enter your desired distance, price per liter, and consumption values, then press "Calculate" again. Share the results of this calculation with us.

Booking.com

Scenario

Booking:App to book hotels, flights, etc

Task

Open the app and use the navigation bar at the bottom to access the "Saved" tab. Look for the "Select a List" button. Then, switch to the "Bookings" tab and find the "Import Booking" button. Should you face any issues locating these buttons or moving between tabs, please let us know.
